If the chosen vendor is other than the incumbent, the TUSF Administrator will also be responsible for developing the databases and record keeping processes and procedures it will use to administer the TUSF.
 - ii. The TUSF Administrator will receive inquiries from legislators, telecommunications providers, the PUCT, the media and the general public. The TUSF Administrator must be appropriately staffed to respond to such inquiries in a professional, consistent manner, and in accordance with PUCT directives. II. Program Information

The TUSF program is described in Chapter 56 of PURA and consists of the programs described below. Numbers of recipients and amounts of money involved with each program were provided in the Request for Proposals as estimates only and are not intended to bind the PUCT. The Contractor must administer programs despite variance in the number of recipients or amount of money involved.
