SECTION 3 – STATEMENT OF WORK

Introduction. The PUCT is issuing an RFP for a Contractor to: (i) provide expert consulting services to assist the Commission in the development of rule requirements relating to wildfire mitigation plans filed by electric cooperative, electric utility, and municipally owned utilities (utilities) in accordance with newly enacted Texas Utilities Code § 38.080; (ii) review and analyze

wildfire mitigation plans filed by utilities in compliance with the adopted rules; and (iii) provide recommendations to the Commission for improvements in the wildfire mitigation plans.

Background. According to the Texas House of Representative’s Investigative Committee (Committee) on the Panhandle Wildfires, on February 26, 2024, a downed power line started what would become the largest wildfire in Texas history, burning over one million acres. The result of the Committee’s investigation was the enactment of House Bill 145 (89th R.S.). House Bill 145 expands existing mitigation efforts by requiring utilities to submit a wildfire mitigation plan to the Commission for approval that includes information regarding how the utility will reduce fire risks and respond to a fire event. More specifically, the wildfire mitigation plan must provide information related to a utility's inspection process, vegetation management, operations plan to prevent and respond to ignition from a utility’s facilities, procedures for system restoration after a wildfire, community outreach, infrastructure and maintenance reports, distribution pole maintenance plans required by the Commission, and a third-party fire risk analysis. The bill requires the Commission to adopt rules to implement § 38.080 not later than the 180th day after the bill’s effective date. Additionally, the utilities must file their wildfire mitigation plans with the Commission as soon as practicable after the adoption of the rules.

Before submitting a proposal, all Proposers should carefully review and become familiar with the requirements of House Bill 145 (89th R.S.), newly enacted § 38.080, and the Texas House of Representative’s Investigative Committee Report on the Panhandle Wildfires. Proposers will be required to comply with all requirements of House Bill 145 that relate to utilities’ wildfire mitigation plans and any Commission Orders and PUCT Staff directives related to the enactment and implementation of House Bill 145.

Requirements. The Contractor will be responsible for providing expert consulting services related to agency rulemaking and reviewing, analyzing, and making recommendations for improvements in filed wildfire mitigation plans. To this end, at a minimum, the Contractor will be required to meet the following requirements.

Note: No later than one (1) week after contract execution, the Contractor will meet with PUCT Staff to determine an agreed upon specified timeline for the responsibilities enumerated in Sections I, II, and III of this Statement of Work and any specific related deliverables that may be required by the Commission or PUCT Staff.

I. Rulemaking Responsibilities.

- Provide expert assistance to the Commission and PUCT Staff in all stages of rule development to implement the requirements of House Bill 145 (89th R.S.), with a specific focus on newly enacted § 38.080, Wildfire Mitigation Plan, within the timeframes prescribed by the Commission or PUCT Staff.
- Conduct in-depth research to support the development of the rules; compile data and statistics; analyze existing literature and sources, including best practices and regulatory regimes or progress nationally and in other states; and provide recommendations to the Commission and PUCT Staff supported by evidence-based data.
- Prepare regulatory rule text for proposal and adoption, including drafting the rule’s preamble and detailed requirements of the rule.

- Manage receipt of public comments received during the rulemaking process, including categorizing, summarizing, and preparing draft responses to comments for PUCT Staff review and consideration. The Contractor will be expected to communicate with PUCT Staff as requested and on an as-needed basis, to include phone and teleconference calls and email communications, to discuss public comments received, recommended responses, and any related procedural issues.
- Prepare regulatory impact analyses and assess the potential economic, environmental, and social impacts of the rules as required by Texas statutes.
- Facilitate and attend meetings with stakeholders and members of the public to ensure interested parties are properly informed and have an opportunity to participate in the rulemaking process.
- Attend and lead discussions and make presentations in meetings and teleconferences with PUCT Staff, utilities, and other entities as necessary to fulfill the requirements of this Statement of Work.
- Facilitate and participate in PUCT rule workshops as requested by the Commission or PUCT Staff, including making presentations related to suggested content for the rule, answering questions, and providing evidence-based data to support recommendations.
- Initiate discussions and meetings with PUCT Staff to identify and resolve issues that may prevent timely and efficient completion of assignments under this Statement of Work.
- Immediately inform PUCT Staff of any significant changes in current wildfire management practice or mitigation strategies (nationally or in other states) that might affect effective rulemaking implementation.
- Attend PUCT open meetings on a quarterly basis and more frequently if requested by PUCT Staff or the Commission to make reports and presentations and provide status updates and recommendations.
- Attend hearings of, and provide testimony to, the Texas Legislature as requested by PUCT Staff or the Commission.
- Attend meetings of legislative committees, bodies with regulatory oversight, and advisory committees to make reports and presentations and provide status updates and recommendation as requested by PUCT Staff or the Commission.

II. Wildfire Mitigation Plan Analysis and Review.

- Manage the receipt and evaluation of approximately up to 155 utility wildfire mitigation plan filings.
- Establish and maintain a standardized evaluation template that summarizes each utility's wildfire mitigation plan filing and compliance with all regulatory requirements. The Contractor will work with PUCT Staff to develop required content and an acceptable format for the report, including a version of the report that could be made available to the public.
- Update the standardized evaluation template as directed by PUCT Staff.
- Provide regular status updates to PUCT Staff and the Commission regarding the filed wildfire mitigation plans.
- Analyze each filed wildfire mitigation plan and provide written recommendations to PUCT Staff and the Commission regarding any potential issues and proposed solutions to improve the plan. The Contractor's analysis should include, at a minimum, an analysis of whether

the wildfire risk analysis submitted by the utility's independent expert is aligned with recognized industry standards and best practices and whether the filed plan is in the public interest.

- Meet all timelines prescribed by House Bill 145 (89th R.S.) and PUCT rules.
- Provide a written evaluation of each utility's filed wildfire mitigation plan. The evaluation must include the Contractor's recommendation regarding approval of the plan. This evaluation will be used in a contested case proceeding for each utility, as needed.
- Provide evidence to support PUCT Staff in a contested case to review a wildfire mitigation plan. The Contractor may be required to: review and assist in the preparation of discovery requests and responses to discovery requests; prepare written testimony and timely file the testimony into the assigned docket; testify at contested case hearings; attend and participate in settlement conferences and mediations; assist in the review and preparation of written briefs and reply briefs; and assist PUCT Staff in general trial preparation and exhibit preparation. Each contested case may require varying tasks and duties, and the Contractor should be prepared to respond to PUCT Staff's needs in all contested cases related to the review of a filed wildfire mitigation plan.
- Request additional information from a utility related to its filed wildfire mitigation plan as needed to make an informed evaluation of the plan.
- Immediately inform PUCT Staff of any potential issues with a filed wildfire mitigation plan.
- Prepare and lead workshops designed to inform utilities on wildfire mitigation best practices and review contractor assessment of the wildfire mitigation plans and areas for improvement. In calendar year 2026, the Contractor must lead two workshops, one to be held shortly after the rule is adopted that addresses best practices and rule requirements, and one workshop to be held after receipt of the filed wildfire mitigation plans that addresses overall assessment of the plans and areas for improvement.
- Lead weekly status updates with PUCT Staff.
- Prepare periodic reports for PUCT Staff and the Commission as may be required by PUCT rules, Commission Orders, and other requirements established by the PUCT Executive Director or as requested by PUCT Staff.
- Attend PUCT open meetings as requested by the Commission or PUCT Staff to provide reports and status updates and make recommendations regarding filed wildfire mitigation plans.
- Participate in various meetings and teleconferences with PUCT Staff, utilities, and other entities as necessary to fulfill the requirements of this Statement of Work.
- Attend hearings of, and provide testimony to, the Texas Legislature as requested by PUCT Staff or the Commission.
- Attend meetings of legislative committees, bodies with regulatory oversight, and advisory committees to make reports and presentations and provide status updates and recommendation as requested by PUCT Staff or the Commission.

III. Other Requirements as Assigned

The Commission or PUCT Executive Director may assign additional duties as necessary to ensure the full implementation of House Bill 145. The Contractor will be required to work with PUCT Staff to complete any additional duties that are assigned by the Commission or the PUCT Executive Director. The resulting contract will provide for modification of the scope of work to accommodate future needs and requirements of PUCT Staff and the Commission.

Qualifications. Proposers must demonstrate that they (i) have the qualifications needed to effectively carry out the functions prescribed by House Bill 145; (ii) are experts in identifying wildfire risks and mitigation measures; and (iii) are familiar with current wildfire management best practices, tools, plans, and reports relating to wildfire management in Texas and nationwide. It is preferred for Proposers to have prior experience with utility-specific wildfire mitigation and plans. Proposer personnel performing or overseeing the work described in this Statement of Work must have at least ten (10) years of experience in the subject matter areas described in this paragraph.

SECTION 4 – ELIGIBILITY AND EVALUATION CRITERIA

4.A. EEO and HUB Statement

The PUCT is an equal employment opportunity employer and does not discriminate on the basis of race, color, religion, sex, national origin, sexual orientation, veteran status, age, or disability in employment or in the provision of services. This commitment extends to Proposers, Vendors, and their employees as well.

The PUCT encourages Historically Underutilized Businesses (HUBs) to compete for this award.

4.B. Minimum Eligibility Requirements

from participating in state contracts, its proposal will be disqualified and will receive no further consideration.

4.B.3. The PUCT is required to purchase goods and services that provide the best value to the state. TEX. GOV'T. CODE § 2155.074. To that end, the PUCT will review information in the statewide Vendor Performance Tracking System regarding Proposer's past performance. Any of the following conditions may result in a Proposer being disqualified from consideration for this RFP:

- having a score of less than a "C" in the Vendor Performance Tracking System;
- currently being under a corrective action plan through the Texas Comptroller of Public Accounts;
- having repeated negative Vendor Performance Reports for the same or similar reason; or
- having purchase orders that have been cancelled in the previous 12 months for non-performance (for example, late delivery or failing to meet quality standards).

4.C. Evaluation Criteria

The PUCT will make the selection and award on the basis of the proposal substance and the Proposer's demonstrated knowledge, competence, and qualifications to provide the services described in Section 3, Statement of Work. A description of the categories under which each proposal will be judged, and the percentage of weight given to each category, are as follows:

 - The Proposer has the capacity and financial resources to perform the contract and meet deadlines without delay or interference.
 - The proposal demonstrates the team's qualifications and experience, drawing on lessons learned and best practices.

All other factors being equal, preference will be given to a Proposer who meets one or more of the following criteria:

- Proposer is incorporated in Texas;
- Proposer's principal place of business is in Texas; or
- Proposer has an established physical presence in Texas.

Proposers who may qualify for the Texas Vendor Preference should provide information establishing the applicable criteria as part of the proposal package.

4.E. References

The PUCT may check references as part of the evaluation process, and reference checks may be conducted at any time between receipt of a proposal and acceptance or rejection of a proposal. Information gained through reference checks can be used as grounds for disqualification of a proposal if the information casts doubt upon the ability of the Proposer to successfully meet the objectives of the RFP. However, any information obtained through a reference check that is discriminatory on the basis of race, color, religion, sex, national origin, sexual orientation, veteran status, age, or disability will not be considered.

SECTION 5 – SCHEDULE AND PROCESS

5.A. Anticipated Schedule

Disclaimer: Dates are subject to change at the PUCT's discretion. Changes to Proposer deadlines will be posted on the Electronic State Business Daily (ESBD) website and the PUCT's Procurement webpage, along with any other RFP modifications and addenda. It is the Proposer's responsibility to periodically check the websites prior to submitting a proposal. A Proposer's failure to review additional information posted on the ESBD and PUCT websites will not release the Proposer from requirements described in those postings and could result in disqualification of a proposal or additional costs to meet the requirements of the contract should the Proposer be selected for the contract.

5.B. PUCT Point of Contact

Jay Stone, CTCM, CTCD, or his designated substitute, is the only permitted PUCT point of contact regarding this RFP. Contact or attempted contact with other PUCT employees, including commissioners and their staffs, may result in a Proposer's immediate disqualification. Proposers will be notified if circumstances require a designated substitute contact for this RFP.

5.C. Process for Asking Questions

The PUCT will only accept written questions and requests for clarification. Requests must be sent by email to RFPCorrespondence@puc.texas.gov, attention: Jay Stone, CTCM, CTCD. Inquiries and comments must reference RFP No.473-25-00017

The PUCT aims to answer all questions within two business days after receipt. Answers to all questions will be provided through an addendum posted on the ESBD and agency procurement websites. Any day the PUCT is closed for a holiday may delay the response to questions.

5.D. Process for Submitting Proposals

5.D.1. Proposers must submit their proposals by email to RFPCorrespondence@puc.texas.gov before the stated closing date and time. Proposals will not be considered if received in the RFPCorrespondence@puc.texas.gov email inbox after 10:00 am, central time, on July 22, 2025. All required information must be provided at that time. The PUCT will only accept the time and date stamp of the email received in the RFPCorrespondence@puc.texas.gov inbox as evidence of timely submission. The PUCT is the sole arbiter of timeliness, and technical problems will not be considered good cause for late submission. Supplements will only be allowed if information is requested by the PUCT after the closing date of the RFP.

Jay Stone, CTCM, CTCD, or his designated substitute will file the sealed proposals confidentially in Project Number 58243 with the PUCT's Central Records Division.

5.D.2. Confidential filing is required because this RFP is conducted using a sealed bid process. Confidential filing does not guarantee confidentiality after the RFP has ended and a contract has been executed. Any portion of the proposal considered to be confidential after the RFP has been cancelled or a contract has been awarded (for example, trade secrets) must be marked with the word "**CONFIDENTIAL**" in all-caps and bold on each page considered to contain confidential information.

5.D.3. Proposers are advised to seek legal counsel regarding the best way to protect any trade secrets or other proprietary information.

5.D.4. For more information about how the PUCT will respond to Public Information Act (PIA) requests relating to this RFP, please see Section 7.C. of this RFP, Public Information Act Notice.

5.E. PUCT's Standard Process for Selecting Vendors

5.E.1. The PUCT will assemble an evaluation team that will begin proposal evaluation as soon as practicable after the submission deadline. Evaluation team members will score each proposal individually based on the factors described under Section 4.C. of this RFP, Evaluation Criteria. Maximum point values will be assigned to each scoring factor according to the percentage of weight given to that factor, and evaluators will assign a point value up to the maximum allowed

for each factor. The purchaser will calculate scoring for compensation. The compensation score will be calculated using the following formula: Compensation Score = (Lowest Price / Price of Response Being Evaluated) x Maximum Number of Available Points for Compensation. Evaluation team members will not have access to compensation information while they are reviewing and scoring the proposals.

5.E.2. After individual scoring, the evaluation team will email their scoring sheets to the purchaser. The purchaser will review the individual scoring sheets and compile a summary scoring sheet combining all evaluation team scoring and including the compensation scoring to calculate overall scores.

5.E.3. After overall scores are calculated, the evaluation team, with guidance from the purchaser, will then take one of the following actions: recommend selection of a specific Proposer, gather more information before selecting a specific Proposer; or recommend that the RFP be withdrawn or reposted.

5.E.4. If the evaluation team needs more information to make a decision, the PUCT may request any of the following from one or more Proposers: additional information or clarification, an oral presentation, or a best and final offer. Additional information, clarification, oral presentations, or best and final offers will be used to re-score proposals, based upon the same criteria used to score the initial proposals, unless different criteria is specified by the purchaser when the additional information is requested.

5.E.5. The PUCT may require selected Proposers to participate in conference calls, attend meetings in Austin, Texas, give presentations, or participate in all of these activities to provide additional information about their proposals. Any cost associated with any such call, meeting, or presentation will be borne solely by the Proposer.

5.E.6. If clarification, presentations, or best and final offers are requested, the evaluation team may request the clarification, presentations, or best and final offers from the top-ranked Proposer or Proposers only, or all of the Proposers, at the discretion of the evaluation team.

5.E.7. Final recommendations will be presented to the Executive Director of the PUCT. The Executive Director may do one of the following: approve the recommended selection in whole or in part; disapprove the recommendation; or defer action on the selection.

5.E.8. The PUCT will begin contract negotiations shortly after the Executive Director approves a recommendation to select a specific Proposer. The PUCT may negotiate all portions of any proposal, including, but not limited to: the proposed fee, a final schedule for performance to be incorporated into the contract, and any terms of the contract.

5.E.9. The PUCT will notify each Proposer of the final action taken upon execution of the contract with the selected Proposer.

5.E.10. No questions about the status of the proposals will be answered while proposals are under evaluation.

5.E.11. The PUCT may reject any and all proposals, amend this RFP, or cancel this RFP at any time. After the proposal due date, the PUCT will only notify Proposers who submitted a proposal prior to the proposal submission deadline of amendments to the RFP.

SECTION 6 – REQUIRED COMPONENTS AND FORMAT

6.A. Components

Proposals must include all required attachments and certifications. The PUCT will not accept attachments or certifications submitted after the proposal deadline. Proposals that do not include all required information will be considered non-responsive and will be disqualified.

Proposals must include the contents described in 6.A.1 through 6.A.10 with each section clearly defined on a table of contents page.

6.A.1. Statement of the Requirements

In this section, each Proposer must succinctly state its understanding of the RFP's requirements and describe how it would perform the tasks described in Section 3, Statement of Work.

6.A.2. Competence and Knowledge

Each Proposer must provide a detailed work plan to demonstrate how it intends to fulfil the requirements identified in Section 3, Statement of Work. The proposal must include an organizational chart identifying functions and reporting relationships of the personnel who will be assigned to this work. The Proposer should also describe any prior experience Proposer's organization has in providing similar services.

6.A.3. Qualifications

For each person a Proposer identifies to perform the work described in this RFP, the Proposer must provide a detailed resume that describes the services they would perform, their qualifications, and their experience.

6.A.4. Compensation

Each Proposer must propose pricing to provide the services identified in Section 3, Statement of Work.

Compensation for the services identified in Section 3, Statement of Work, should be proposed as a firm fixed price. The proposal must include detailed information that establishes the bases for the price proposed.

Unless otherwise approved in writing by the PUCT, payments will be made based upon the invoicing and payment terms of the resulting contract. The PUCT will not reimburse any out-of-pocket expenses or expenses not contemplated at the time of contract execution.

Proposer must demonstrate how elements of the price correspond to elements of the proposed work plan.

6.A.5. References

Each Proposer must provide at least three references. Proposers must include a phone number and email address for each reference.

The PUCT prefers references from clients for whom the Proposer has performed similar work, including other state commissions or boards.

Proposers must not use the PUCT or any individuals employed by the PUCT as a reference.

6.A.6. Conflicts Statement

Proposers must be neutral and impartial, must not be an entity that has a specific interest in the PUCT's regulation, and must not have a direct financial interest in the provision of electric, telephone, water, or sewer service in the state of Texas.

Proposers having a conflict of interest, as determined by the PUCT, will not be eligible for contract award. Proposers may also be disqualified if there are facts that would create an appearance of impropriety, even if no actual conflict exists.

The PUCT will determine whether a conflict of interest or an appearance of impropriety exists from the perspective of a reasonable person uninvolved in the matters covered by the resulting contract. The PUCT is the sole arbiter of whether a conflict or an appearance of impropriety exists.

The requirements for the conflicts statement are as follows:

- It must be **signed and notarized** by the highest-ranking officer of Proposer's entity having responsibility for vetting corporate conflicts of interest.
- It must identify any personal or business relationships of Proposer, including all employees and subcontractors of Proposer, with any electric, telecommunications, water, or sewer utility or any utility affiliate operating in Texas or any entity having a pending application at the PUCT to enter the Texas retail electric market, telecommunications market, water utility market, or sewer utility market; and any entity who would be required to submit a wildfire mitigation plan under House Bill 145 (89th R.S.). It must identify the extent, nature, and time aspects of those relationships.
- If a Proposer does not have any known or potential conflict of interest or appearance of impropriety, the conflicts statement must include a statement that there is no known or potential conflict of interest or appearance of impropriety. Failure to provide either a statement describing potential conflicts of interest or appearances of impropriety or a statement that no potential conflict or appearance of impropriety exists will automatically disqualify the Proposer.
- The conflicts statement must address how the Proposer intends to address any known conflicts of interest or appearance of impropriety.
- The conflicts statement must address how the Proposer intends to ensure that no interest may arise as a result of its activities or those of its parent, affiliate, or other related entity that will conflict with the Proposer's duty should it be selected to provide the services described in Section 3, Statement of Work.
- The conflicts statement must identify a Proposer's lobbyists who are registered or required to register with the Texas Ethics Commission and their compensation. The conflicts statement must also describe any involvement the Proposer's lobbyists will have in

connection with this engagement or electric utility, telecommunication utility, water utility, or sewer utility legislation or policy.

- The conflicts statement must identify any owner, executive, board member, employee, or subcontractor of Proposer who has been employed by the PUCT or another state agency in Texas fewer than four years ago. If any individual is identified under this provision, the conflicts statement must disclose: 1) the former PUCT or state agency employee's name and current position with Proposer; 2) the name of the state agency; 3) the nature of the previous employment with the state agency; and 4) the dates the employment ended with the state agency and began with Proposer. The PUCT is restricted in its ability to enter into contracts with individuals and entities that employ these individuals under some circumstances. *See Texas Government Code § 669.003.*
- The conflicts statement must certify either that the Proposer does not employ an individual who has been employed by the PUCT or another agency of the State of Texas at any time during the two years preceding the submission of the proposal or that it has disclosed in its proposal the following: (i) the nature of the previous employment with the PUCT or the other agency; (ii) the date the employment was terminated; and (iii) the annual rate of compensation for the employment at the time of its termination. The PUCT is restricted in its ability to enter into contracts with individuals and entities that employ certain individuals under some circumstances. *See Texas Government Code §§ 2254.033 and 2252.901.*
- If the circumstances described by a Proposer change or additional information is obtained subsequent to the submission of proposals, the Proposer must supplement its conflicts statement as soon as reasonably possible upon learning of any change to their statement. If a supplement to the conflicts statement is required after the deadline for submission of proposals, the supplement is exempt from the requirement that all proposal documents must be submitted before the deadline in order for the proposal to be considered.
- The PUCT encourages Proposers to provide complete disclosure of any matters that might be considered a conflict of interest or appearance of impropriety. The PUCT may consider completeness of disclosure in evaluating whether a conflict of interest or an appearance of impropriety exists.

6.A.7. Historically Underutilized Business (HUB) Certification and HUB Subcontracting Plan (HSP)

Any Proposer that is HUB certified by the Statewide Procurement Division (SPD) of the Comptroller of Public Accounts (CPA) or one of its predecessors must submit a copy of its HUB certificate.

Additionally, the PUCT has determined that subcontracting opportunities may be available under this contract. Therefore, all Proposers, including State of Texas certified HUBs, must complete and submit a State of Texas HSP with their proposal if the total dollar amount of the proposal response is \$100,000 or more.

Proposers can find HSP forms and instructions on the Texas CPA website at: <https://comptroller.texas.gov/purchasing/vendor/hub/forms.php>

Responses that do not include a completed HSP will be rejected, as required by Texas Government Code § 2161.252(b).

6.A.8. Certifications

Each proposal must contain a signed statement with the following certifications:

- The Proposer has made a good faith effort to ensure all statements and information Proposer submitted in response to this RFP are current, complete, and accurate. The Proposer represents and warrants that all statements and information prepared and submitted in this document are current, complete, true, and accurate. Submitting a proposal with a false statement or making material misrepresentations during the performance of a contract is a material breach of contract and may void the submitted response and any resulting contract.
- The Proposer has not given nor offered to give and does not intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this proposal.

The information sheet will be the only portion of the proposal that will not be filed under seal. Information sheets will be filed publicly in Project No. 58243. If a Proposer is selected, the Proposer will be expected to maintain current contact information with the PUCT during the term of the contract.

6.B.2. The PDF copy with the compensation component must be clearly marked "Original" and include all required signatures and notarized statements.

Price information must be excluded from one PDF and one Word version. This requirement is to allow the evaluation team to review proposals for the evaluation factors of "Proposal Substance" and "Competence and Knowledge" only. Each proposal will separately be given a score for pricing and that score will be applied to the scoring matrix to ensure that price does not inadvertently influence the evaluation of the other factors.

The copies of the proposal must be identical to the original except for the omission or redaction of the price information and the Word rather than PDF file format.

6.B.3. Proposers are prohibited from using the Texas State Seal or the PUCT Seal in or on the proposal.

SECTION 7 – CONDITIONS

After the deadline, a proposal becomes an irrevocable offer to provide the services described in Section 3, Statement of Work, with the terms and conditions specified in Attachment A, for the shorter of: a period of 90 days from the RFP closing date or until a contract resulting from this RFP is signed. The PUCT will not return withdrawn proposals.

7.B. Proposals are the Property of the PUCT

All proposals and copies of proposals, as well as any best and final offer, and any records provided to the PUCT by the Proposer associated with the evaluation of the proposal, will become the property of the PUCT after receipt and will be retained in accordance with the PUCT's records retention schedule.

7.C. Public Information Act Notice

Following the award of a contract, all proposals are public information and subject to release. If the PUCT receives a request for any information in connection with this RFP, the PUCT will follow the requirements of the Texas Public Information Act (Texas Government Code Chapter 552). This includes notifying Proposers and the Office of the Attorney General if information that the PUCT knows Proposer considers to be confidential is requested under the Texas Public Information Act. The PUCT assumes no obligation to assert legal arguments on behalf of a Proposer. The PUCT may release portions of proposals and other information provided by a Proposer without notifying the Proposer if the information is not conspicuously marked "confidential" on each page.

A copy of the contract resulting from this RFP will be posted on the PUCT's public website. Information in PUCT contracts is public information unless it is made confidential by law. See Texas Government Code § 552.022(a)(3).

7.D. Publicity

Proposers are prohibited from making any public disclosures or news releases pertaining to this RFP, any resulting contract, or any results or findings based on information provided or obtained to fulfill the requirements of this RFP or resulting contract. This prohibition may only be waived by prior written approval of the PUCT for the specific disclosure or news release.

7.E. No Proposal Costs Reimbursed

Neither the PUCT nor the State of Texas will reimburse any Proposer for any costs related to: preparing a response to this RFP, preparing a best and final offer, providing additional information requested as part of the evaluation of proposals, or making any presentation requested as part of the evaluation of proposals.

7.F. Contract Terms and Conditions

Any contract resulting from this RFP will use standard general terms and conditions similar to those found in Attachment A to this RFP, unless changes are negotiated in advance of contract finalization. The terms and conditions found in Attachment A to this RFP are provided as a matter of convenience and may be altered during contract finalization. Many of the terms and conditions are required by law, and the PUCT will not negotiate when a term or condition is required by law. **Proposers must include any requested changes to the terms and conditions in their proposals.**

7.G. Vendor Performance Tracking System

At the end of any contract resulting from this RFP, the PUCT will input required information into the Vendor Performance Tracking System regarding the Contractor's performance and whether the Contractor satisfied the best value standard for this contract. This information is public and other state agencies seeking goods or services are required, under most circumstances, to use the information in the Vendor Performance Tracking System to determine whether or not a particular vendor will meet the best value standard for the purchase of the goods or services.

Contractor understands that the PUCT is not responsible for payment of any costs or expenses exceeding this amount.

If Contractor believes that changes in the scope of Services to be performed will require Contractor to increase its fee, it must request the PUCT’s written authorization to increase its fee. Contractor must document the changes in the scope of Services and why they will require additional effort. The PUCT must approve the increase in fee by written amendment to this contract before Contractor performs any Services or may invoice the increased fee.

Upon approval of the invoice, the PUCT will direct the payment of the invoice.

The PUCT reserves the right to withhold payment of any invoice(s) for poor performance, default, or non-compliance with the terms of the contract, without penalty to the PUCT. In such event, payment(s) may be withheld until the poor performance, default, or non-compliance is resolved in a manner satisfactory to the PUCT. The Contractor will not be entitled to any additional compensation from the PUCT for any damages or expenses incurred as a result of withheld payment(s) under this section.

The PUCT must approve Contractor's use of any subcontractor before Contractor engages the subcontractor (see Section 5.1 of this contract).

2.6 Records Retention. Contractor shall maintain and retain all records relating to the performance of the contract, including supporting fiscal documents adequate to ensure that claims for contract funds are in accordance with applicable State of Texas requirements. These records will be maintained and retained by Contractor for a period of seven (7) years after the contract expiration date or until all audit, claim, and litigation matters are resolved, whichever is later. Contractor must make all records available to the PUCT, PUCT's designee, or the State Auditor during normal business hours with reasonable notice, upon the request of the PUCT contract administrator.

contract as provided by the records retention requirements applicable to the PUCT for the duration of the contract, (2) promptly provide to the PUCT any contracting information related to the contract that is in the custody or possession of the Contractor on request of the PUCT, and (3) on termination or expiration of the contract, either provide at no cost to the PUCT all contracting information related to the contract that is in the custody or possession of the Contractor or preserve the contracting information related to the contract as provided by the records retention requirements applicable to the PUCT. Except as provided by Section 552.374(c) of the Texas Government Code, the requirements of Subchapter J, Chapter 552, Government Code may apply to the contract and the Contractor agrees that the contract can be terminated if the Contractor knowingly or intentionally fails to comply with a requirement of that subchapter.

Should Contractor subcontract any of the services required in the contract, Contractor expressly understands and acknowledges that in entering into such subcontract(s), the PUCT is in no manner liable to any subcontractor(s) of the Contractor. In no event shall this provision relieve Contractor of the responsibility for ensuring that the services performed under all subcontracts are rendered in compliance with the contract.

Contractor will notify the PUCT contract administrator of any other proposed subcontract and will work with the PUCT HUB Coordinator to procure such other subcontractor and to submit appropriate subcontractor selection documentation for approval prior to engaging any other subcontractor, such approval not to be unreasonably withheld. Any subcontract not contemplated at the initiation of this contract and any subsequent substitution of a subcontractor must be approved by an amendment according to the terms of Article 7.

5.2 Sole Responsibility. Contractor is solely responsible for the quality and timeliness of the work produced by all subcontractors that Contractor may engage to provide Services hereunder and for the timely payment for all work produced by all subcontractors that the PUCT accepts in accordance with the terms of this contract.

two-year extensions. Each extension option must be executed in writing and agreed to by both parties.

6.2 Termination for Cause. If Contractor fails to provide the goods or services contracted for according to the provisions of the contract or fails to comply with any terms or conditions of the contract, the PUCT may serve upon Contractor written notice requiring Contractor to cure such default. Unless within thirty (30) days after receipt of said notice by Contractor, said default is corrected or arrangements satisfactory to the PUCT, as applicable, for correcting the default have been made by Contractor, the PUCT may terminate this contract for default and will have all rights and remedies provided by law and under this contract. If the PUCT terminates Contractor for a violation of Section 18.23 of this contract, the PUCT need not provide any notice or opportunity for curing the default. The PUCT will not be liable for any damages or loss to Contractor as a result of termination for cause.

6.3 Termination for Convenience. The PUCT reserves the right to terminate the contract at any time, in whole or in part, without cost or penalty, by providing thirty (30) calendar days' advance written notice, if the PUCT determines that such termination is in the best interest of the State. In the event of such a termination, Contractor must, unless otherwise mutually agreed upon in writing, cease all work immediately upon the effective date of termination. The PUCT shall be liable for payments limited only to the portion of work the PUCT authorized in writing and which Contractor has completed, delivered to the PUCT and which has been accepted by the PUCT. Actual damages, cost projections, and injunctive relief may also be invoked either separately or combined with any other remedy in accordance with applicable law.

Liquidated Damages.

Contractor's failure to meet any deliverables set forth in the Statement of Work would result in damages to the PUCT that, by their nature are difficult to ascertain. Deadlines will not be considered unmet if delays arise from circumstances outside the Contractor's reasonable control, including force majeure events, delays caused by the PUCT, or delays arising from mutual agreement between the Contractor and PUCT. Liquidated damages may be assessed, in the PUCT's sole discretion, at the rates set forth below. The liquidated damages are not intended to be a penalty and are solely intended as compensation for damages.

5% of the total contract price will be withheld from the Contractor's total payment for each task that the Contractor fails to perform to the PUCT's satisfaction, within the timelines agreed upon by the Parties.

[The final amount of liquidated damages may be negotiated as part of the awarded contract.]

6.6 Survival. Expiration or termination of the contract for any reason does not release Contractor from any liability or obligation set forth in the contract that is expressly stated to survive any such expiration or termination, that by its nature would be intended to be applicable following any such expiration or termination, or that is necessary to fulfill the essential purpose of the contract, including without limitation the provisions regarding warranty, indemnification, confidentiality, and rights and remedies upon termination.

No changes to the Statement of Work will occur without the Parties' written consent as provided in accordance with the terms stated in this contract.

Contractor shall comply with all laws, regulations, requirements and guidelines applicable to a vendor providing services and products required by the contract to the State of Texas, as these laws, regulations, requirements and guidelines currently exist and as amended throughout the term of the contract.
