### **SECTION 3 – STATEMENT OF WORK**

The Audio Newspaper Program is a free telephone service that allows blind and visually impaired persons access to the text of newspapers by using synthetic speech. The Contractor who is awarded the ANP contract must establish (if the ANP Provider is an entity other than the incumbent) and operate all aspects of the ANP, including creating, or obtaining all necessary hardware, software, and licenses required by law, and ensuring all requirements described in PUC Substantive Rule 26.424 are met. The ANP Provider will be responsible for operating and maintaining the ANP throughout the term of the resulting contract with the PUCT.

#### **Requirements**

- 1) **Program Components:** The ANP must provide visually impaired users access and usability to local, regional, and national newspapers similar to the access and usability sighted users have when sighted users visually read the newspapers through a software program that accepts electronic text provided by local, regional, or national newspapers and converts the electronic text to synthetic speech. Registered Users must be able to access such converted synthetic speech twenty-four hours a day, seven days a week by using a touch-tone telephone to reach the ANP's local number or the ANP's nationwide toll-free number where local access is not available. The ANP Provider must control access to the ANP program by requiring Registered Users to enter a personal identification number. The system, including all features, must be operational 99% of the time or more. PUCT staff will periodically test to ensure the system is operational. If the system is not operational with all required call features 99% of the time, the PUCT will reduce the monthly payment by an amount proportional to the time the system was not operational. For example, if the system is non-operational 5% of the time, the PUCT will reduce the monthly payment by 5%. Failure to maintain the 99% operability standard for the system or any of its features is also grounds for termination for cause under Article 6 of the terms and conditions of this contract, however, the PUCT may exercise its discretion whether to pursue termination.
- 2) **Call Features:** The ANP Provider must convert all text from participating newspapers into synthetic speech and make such converted speech available to Registered Users. The ANP must have a variety of menu choices and navigation features that help users navigate through menu items or articles. The ANP must be flexible and interactive enough to provide a variety of voice selections (minimum of 5) with

adjustable speaking rates. The ANP must also provide commands for obtaining help, searching text, and spelling text. Users must be able to interrupt the presentation and return to the information being read at the same place the user left off when the help, search, or spell command is activated. During business hours, users must be able to speak with a customer service representative through the navigation system. Proposer's business hours must be consistent with those of the PUCT. The PUCT's business hours are 8 a.m. to 5 p.m. CST, Monday through Friday, excluding federal holidays. Proposed changes to business hours are subject to PUCT approval. PUCT staff will periodically test to ensure that all call features are operational. Call features must be operational 99% of the time or more.

- 3) **Content and Content Acquisition:** The ANP Provider will be responsible for acquiring and updating all content. The ANP Provider must provide access to the content of at least ten Texas newspapers and any national newspapers the ANP Provider has access to. Where available, the ANP Provider must provide access to both English and Spanish language versions of the newspapers. In addition, the ANP Provider must attempt to acquire and include television program listings and job placement ads in the ANP. Please note that newspapers participating in the ANP Program are not eligible to receive payment from the ANP Provider, the PUCT, nor the Registered Users.
- 4) **Registration and Records Retention:** The ANP Provider must provide the following methods for eligible users to register for the ANP: by U.S. mail; by fax; by phone call to the Texas State Library and Archives Commission's Talking Book Program or a toll-free telephone number; and through a website. For each Registered User, the ANP Provider must retain copies of all documents produced to the ANP for a period of seven years. This includes the Registered User's contact information and all documents used to provide evidence the user satisfies the eligibility requirements.
- 5) **Marketing Plan:** The ANP Provider must provide a detailed 4-year marketing plan with the goal of increasing participation.
- 6) **End of Contract Transition Services.** Upon termination of the contract, if the ANP Provider will not be continuing to provide the ANP under a new contract, the ANP Provider must transfer all existing agreements to provide periodicals in electronic format in synthetic voice conversion to the entity that will be providing the ANP in the future effective on the date the new contract is executed. The ANP Provider is not eligible to receive payment from the PUCT nor the transferee for this transfer. If the ANP Provider fails to transfer the existing agreements, final payments to ANP Provider may be withheld until transfer is complete.

**Additional Information Required in Proposal:**

- 1) Each proposal must identify the proposer's experience working with state and national newspapers, including which, if any, newspapers they currently have arrangements with allowing them to receive the newspaper's content in electronic format suitable for conversion into synthetic speech. Each proposal must indicate whether the software the

proposer intends to use to convert the electronic text into synthetic speech has already been developed or describe how it will be developed. Proposals including already-developed software must indicate whether the software is in current use. The proposal must indicate whether or not the proposer currently provides access to synthetic speech through a service, and if so, the current number of users and any interruptions in service or complaints the proposer has received in the past year related to such service.

- 2) Each proposal must identify the amount and type of insurance coverage the proposer proposes to obtain to cover any potential breach of privacy or confidentiality rights in compliance with the PUCT's Standard Terms and Conditions. General liability coverage is not sufficient to meet this requirement.

## **Reporting**

### **1) Monthly Reporting**

- a. All monthly reports are due at the same time as the monthly invoice. (Due date for the monthly invoice is described in Article 2 of the Standard Terms and Conditions.)
- b. The ANP Provider must provide a monthly report, which must include a contractual attestation affirming that the system, including all call features, was operational 99% of the time in the previous month, if true. If the system or any call feature was operational for less than 99% of the time, the monthly report must state what percentage of the time the system, including all call features, was operational and provide a reason why it was operational less than 99% of the time. This explanation does not excuse the ANP Provider's failure to meet the requirement that the system will be available 99% of the time.
- c. The ANP Provider must provide a monthly usage report consisting of the number of registered users, the number of registered users that utilize ANP each month, and the number of minutes the ANP has been used each month.
- d. The ANP Provider must provide a monthly report detailing any marketing efforts, a list of conferences, meetings, trainings, or other events attended, total attendees at the event, and the number of people who signed up for the service while attending the event.

### **2) Quarterly Reporting**

- a. Quarterly reports are due no later than the 15<sup>th</sup> of the month after the quarter that the report encompasses. The following are the quarters that the ANP Provider must use:
  - i. Q1: September 1 through November 30
  - ii. Q2: December 1 through February 28 (or 29 on a Leap Year)
  - iii. Q3: March 1 through May 31
  - iv. Q4: June 1 through August 31

- b. The ANP Provider must submit a quarterly marketing report updating the PUCT on the ANP Provider's progress toward the proposed 4-year marketing plan.

**3) Annual Reporting**

- a. Annual reports are due no later than January 31<sup>st</sup> of each year.
- b. The ANP Provider must submit an annual content acquisition report listing:
  - i. the newspapers added to the ANP in the previous fiscal year;
  - ii. the newspapers the ANP Provider has attempted, but failed to add to the ANP (including for each: the date(s) the ANP Provider contacted the newspaper, the method of contact, and reason the newspaper wasn't added to the ANP; and
  - iii. the newspapers that the ANP Provider stopped providing in the previous year (including for each: the date and reason the ANP stopped providing the newspaper).

**4) Additional Reporting.** The PUCT may require additional reporting at its discretion.

The following statistical information is provided for proposers' information only and is not a guarantee or an enforceable term of the contract.

## **SECTION 4 – ELIGIBILITY AND EVALUATION CRITERIA**

### **4.A. EEO and HUB Statement**

The PUCT is an equal employment opportunity employer and does not discriminate on the basis of race, color, religion, sex, national origin, sexual orientation, veteran status, age, or disability in employment or in the provision of services. This commitment extends to proposers, vendors, and their employees as well.

The PUCT encourages Historically Underutilized Businesses (HUBs) to compete for this award.

### **4.B. Minimum Eligibility Requirements**

**4.B.1.** To pass the initial screening criteria, proposals must demonstrate that the proposer has a minimum of five years of experience similar to that described in Section 3, Statement of Work. An entity with fewer than five years' experience as an entity is eligible to submit a proposal if each key member of the proposal team has the minimum required experience. Additionally, proposals must:

- meet all deadlines set out in this RFP;
- follow the appropriate process for submitting proposals (see Section 6 of this RFP, Required Components and Format);
- include all required components described in this RFP (see Section 6); and

TEX. GOV'T. CODE § 2155.077. If a proposer is barred from participating in state contracts, its proposal will be disqualified and will receive no further consideration.

**4.B.3.** The PUCT is required to purchase goods and services that provide the best value to the state. TEX. GOV'T. CODE § 2155.074. To that end, the PUCT will review information in the statewide Vendor Performance Tracking System regarding proposers' past performance. Any of the following conditions may result in a proposer being disqualified from consideration for this RFP:

- having a score of less than a C in the Vendor Performance Tracking System;
- currently being under a corrective action plan through the Texas Comptroller of Public Accounts;
- having repeated negative Vendor Performance Reports for the same or similar reason; or
- having purchase orders that have been cancelled in the previous 12 months for non-performance (for example, late delivery or failing to meet quality standards).

### **4.C. Evaluation Criteria**

The PUCT will make the selection and award on the basis of the proposal substance and the proposer's demonstrated knowledge and competence to provide the services described in Section

3, Statement of Work. A description of the categories under which each proposal will be judged and the percentage of weight given to each category are as follows:

- **Proposal Substance – 30%**

  - Proposed approach is both thorough and practical.
  - Proposed approach for meeting objectives is desirable.
  - Conditions included in the proposal are acceptable.
- **Competence and Knowledge – 40%**
  - Competence and experience are demonstrated by the qualifications described in the proposal.

  - The proposal demonstrates the team's qualifications and experience, drawing on lessons learned and best practices.
  - Assigned staffing for prime and subcontractors is desirable to meet the objectives described in Section 3 – Statement of Work.
- **Proposed Compensation – 30%**

#### **4.D. Texas Vendor Preference**

All other factors being equal, preference will be given to a proposer who meets one or more of the following criteria:

- Proposer is incorporated in Texas;
- Proposer's principal place of business is in Texas; or
- Proposer has an established physical presence in Texas.

Proposers who may qualify for the Texas Vendor Preference should provide information establishing the applicable criteria as part of the proposal package.

#### **4.E. References**

The PUCT may check references as part of the evaluation process. This is a pass/fail criteria and may be conducted at any time between receipt of a proposal and acceptance or rejection of a proposal. Information gained through reference checks can be used as grounds for disqualification of a proposal if the information casts doubt upon the ability of the proposer to successfully meet the objectives of the RFP. However, any information obtained through a reference check that is discriminatory on the basis of race, color, religion, sex, national origin, sexual orientation, veteran status, age, or disability will not be considered.

## **SECTION 5 – SCHEDULE AND PROCESS**

## **5.A. Anticipated Schedule**

**Disclaimer:** Dates are subject to change at the PUCT's discretion. Changes to proposer deadlines will be posted on the Electronic State Business Daily (ESBD) website and the PUCT's Procurement webpage, along with any other RFP modifications and addenda. It is the proposer's responsibility to periodically check the websites prior to submitting a proposal. Gina Singleton, CTCM, CTCD, or her designated substitute, is the only permitted PUCT point of contact regarding this RFP. Contact or attempted contact with other PUCT employees, including commissioners and their staffs, may result in a proposer's immediate disqualification. Proposers will be notified if circumstances require a designated substitute contact for this RFP.

## **5.C. Process for Asking Questions**

The PUCT will only accept written questions and requests for clarification. Requests must be sent by email to [RFPCorrespondence@puc.texas.gov](mailto:RFPCorrespondence@puc.texas.gov), attention: Gina Singleton, CTCM, CTCD. Inquiries and comments must reference RFP No. 473-22-00003.

## **5.D. Process for Submitting Proposals**

Proposals will not be considered if received in the [RFPCorrespondence@puc.texas.gov](mailto:RFPCorrespondence@puc.texas.gov) email inbox after 10:00 am, central time, on July 11, 2022.

All required information must be provided at that time. Supplements will only be allowed if information is requested by the PUCT after the closing date of the RFP.

Gina Singleton, CTCM, CTCD, or her designated substitute will file the sealed proposals confidentially in Project Number 53327 with the PUCT's Central Records Division.

**5.D.2.** The PUCT will **only** accept the time and date stamp of the email received in the [RFPCorrespondence@puc.texas.gov](mailto:RFPCorrespondence@puc.texas.gov) inbox as evidence of timely submission.

**5.D.3.** Confidential filing is required because this RFP is conducted using a sealed bid process. Confidential filing does not guarantee confidentiality after the RFP has ended and a contract has been executed. Any portion of the proposal considered to be confidential after the RFP has been cancelled or a contract has been awarded (for example, trade secrets) must be marked with the word, "**CONFIDENTIAL**" in all-caps and bold on each page considered to contain confidential information.

**5.D.4.** Proposers are advised to seek legal counsel regarding the best way to protect any trade secrets or other proprietary information.

**5.D.5.** For more information about how the PUCT will respond to PIA requests relating to this RFP, please see Section 7.C. of this RFP, Public Information Act Notice.

## **5.E. PUCT's Standard Process for Selecting Vendors**

**5.E.1.** The PUCT will assemble an evaluation team that will begin proposal evaluation as soon as practicable after the submission deadline. Evaluation team members will score each proposal individually based on the factors of Proposal Substance and Competence and Knowledge, described under Section 4.C. of this RFP, Evaluation Criteria. Maximum point values will be assigned to each scoring factor according to the percentage of weight given to that factor and evaluators will assign a point value to the maximum allowed for each factor. The purchaser will calculate scoring for compensation. The compensation score will be calculated using the following formula: Compensation Score = (Lowest Price / Price of Response Being Evaluated) x Maximum Number of Available Points for Compensation. Evaluation team members will not have access to compensation information while they are reviewing and scoring the proposals.

**5.E.2.** After individual scoring, the evaluation team will email their scoring sheets to the purchaser. The purchaser will review the individual scoring sheets and compile a summary scoring sheet combining all evaluation team scoring and including the compensation scoring to calculate overall scores.

**5.E.3.** After overall scores are calculated, the evaluation team, with guidance from the purchaser, will then take one of the following actions: recommend selection of a specific proposer, gather more information before selecting a specific proposer; or recommend that the RFP be withdrawn or reposted.

**5.E.4.** If the evaluation team needs more information to make a decision, the PUCT may request any of the following from one or more proposers: additional information or clarification, an oral presentation, or a best and final offer. Additional information, clarification, oral presentations or best and final offers will be used to re-score proposals, based upon the same criteria used to score

the initial proposals, unless different criteria is specified by the purchaser when the additional information is requested.

**5.E.5** The PUCT may require selected proposers to participate in conference calls, attend meetings in Austin, Texas, give presentations, or participate in all of these activities to provide additional information about their proposals. Any cost associated with any such call, meeting, or presentation will be borne solely by the proposer.

**5.E.6.** If clarification, presentations, or best and final offers are requested, the evaluation team may request the clarification, presentations, or best and final offers from the top-ranked proposer or proposers only, or all of the proposers, at the discretion of the evaluation team.

**5.E.7.** Final recommendations will be presented to the Executive Director of the PUCT. The Executive Director may do one of the following: approve the recommended selection in whole or in part; disapprove the recommendation; or defer action on the selection.

**5.E.8.** The PUCT will begin contract negotiations shortly after the Executive Director approves a recommendation to select a specific proposer. The PUCT may negotiate all portions of any proposal, including, but not limited to: the proposed fee, a final schedule for performance to be incorporated into the contract, and any terms of the contract.

**5.E.9.** The PUCT will notify each proposer of the final action taken upon execution of the contract with the selected proposer.

**5.E.10.** No questions about the status of the proposals will be answered while proposals are under evaluation.

**5.E.11.** The PUCT may reject any and all proposals, amend this RFP, or cancel this RFP at any time. After the proposal due date, the PUCT will only notify proposers who submitted a proposal prior to the proposal submission deadline of amendments to the RFP.

## **SECTION 6 – REQUIRED COMPONENTS AND FORMAT**

### **6.A. Components**

Proposals must include all required attachments and certifications. The PUCT will not accept attachments or certifications submitted after the proposal deadline. Proposals that do not include all required information will be considered non-responsive and will be disqualified.

Proposals must include the contents described in 6.A.1 through 6.A.10 with each section clearly defined on a table of contents page.

#### **6.A.1. Statement of the Requirements**

In this section, each proposer must succinctly state its understanding of the RFP's requirements and describe how it would perform the tasks described in Section 3, Statement of Work.

#### **6.A.2. Competence and Knowledge**

Each proposer must provide a detailed work plan to demonstrate how it intends to fulfil the requirements identified in Section 3, Statement of Work. The proposal must include an organizational chart identifying functions and reporting relationships of the personnel who will

be assigned to this work. The proposer should also describe any prior experience proposer's organization has in providing similar services.

#### **6.A.3. Qualifications**

For each person a proposer identifies to perform the work described in this RFP, the proposer must provide a detailed resume that describes the services they would perform, their qualifications, and their experience.

#### **6.A.4. Compensation**

Each proposer must propose pricing to provide the services identified in Section 3, Statement of Work.

Compensation for the services identified in Section 3, Statement of Work must be proposed as a firm fixed price.

Unless otherwise approved in writing by the PUCT, payments will be made based upon the invoicing and payment terms of the resulting contract. The PUCT will not reimburse any out-of-pocket expenses or expenses not contemplated at the time of contract execution.

Proposer must demonstrate how elements of the price correspond to elements of the proposed work plan.

#### **6.A.5. References**

Each proposer must provide at least three references. Proposers must include a phone number and email address for each reference.

The PUCT prefers references from clients for whom the proposer has performed similar work, including other state commissions or boards.

Proposers must not use the PUCT or any individuals employed by the PUCT as a reference.

#### **6.A.6. Conflicts Statement**

Proposers must be neutral and impartial, must not be an entity that has a specific interest in the PUCT's regulation, and must not have a direct financial interest in the provision of electric, telephone, water, or sewer service in the state of Texas.

Proposers having a conflict of interest, as determined by the PUCT will not be eligible for contract award. Proposers may also be disqualified if there are facts that would create an appearance of impropriety, even if no actual conflict exists.

The PUCT will determine whether a conflict of interest or an appearance of impropriety exists from the perspective of a reasonable person uninvolved in the matters covered by the resulting contract. The PUCT is the sole arbiter of whether a conflict or an appearance of impropriety exists.

The requirements for the conflicts statement are as follows:

- It must be signed and notarized by the highest-ranking officer of proposer's entity having responsibility for vetting corporate conflicts of interest.

- It must identify any personal or business relationships of proposers, including all employees and subcontractors of proposers, with: any electric, telecommunications, water, or sewer utility, or any utility affiliate operating in Texas; and any entity having a pending application at the PUCT to enter the Texas retail electric market, telecommunications market, water utility market, or sewer utility market; and any entity likely to have a direct interest or be a participant in the anticipated change-in-control proceedings that are the subject of this RFP. It must identify the extent, nature, and time aspects of those relationships.
- If a proposer does not have any known or potential conflict of interest or appearance of impropriety, the conflicts statement must include a statement that there is no known or potential conflict of interest or appearance of impropriety. Failure to provide either a statement describing potential conflicts of interest or appearances of impropriety or a statement that no potential conflict or appearance of impropriety exists will automatically disqualify the proposer.
- The conflicts statement must address how the proposer intends to address any known conflicts of interest or appearance of impropriety.
- The conflicts statement must address how the proposer intends to ensure that no interest may arise as a result of its activities or those of its parent, affiliate, or other related entity that will conflict with the proposer's duty should it be selected to provide the services described in Section 3, Statement of Work.
- The conflicts statement must identify a proposer's lobbyists who are registered or required to register with the Texas Ethics Commission and their compensation. The conflicts statement must also describe any involvement the proposer's lobbyists will have in connection with this engagement or electric utility, telecommunication utility, water utility, or sewer utility legislation or policy.
- The conflicts statement must identify any owner, executive, board member, employee, or subcontractor of proposer who has been employed by the PUCT or another state agency in Texas fewer than four years ago. If any individual is identified under this provision, the conflicts statement must disclose: 1) the former PUCT or state agency employee's name and current position with proposer; 2) the name of the state agency; 3) the nature of the previous employment with the state agency; and 4) the dates the employment ended with the state agency and began with proposer. The PUCT is restricted in its ability to enter into contracts with individuals and entities that employ these individuals under some circumstances. *See* Texas Government Code Section 669.003.
- The conflicts statement must certify either that the proposer does not employ an individual who has been employed by the PUCT or another agency of the State of Texas at any time during the two years preceding the submission of the proposal or that it has disclosed in its proposal the following: (i) the nature of the previous employment with the PUCT or the other agency; (ii) the date the employment was terminated; and (iii) the annual rate of compensation for the employment at the time of its termination. The PUCT

is restricted in its ability to enter into contracts with individuals and entities that employ certain individuals under some circumstances. *See* Texas Government Code Sections 2254.033 and 2252.901.

- If the circumstances described by a proposer change or additional information is obtained subsequent to the submission of proposals, the proposer must supplement its conflicts statement as soon as reasonably possible upon learning of any change to their statement. If a supplement to the conflicts statement is required after the deadline for submission of proposals, the supplement is exempt from the requirement that all proposal documents must be submitted before the deadline in order for the proposal to be considered.
- The PUCT encourages proposers to provide complete disclosure of any matters that might be considered a conflict of interest or appearance of impropriety. The PUCT may consider completeness of disclosure in evaluating whether a conflict of interest or an appearance of impropriety exists.

In addition, proposer represents and warrants that it will notify the PUCT in writing within five business days of any changes to the representations or warranties in this clause and understands that failure to timely update the PUCT may result in the proposer's disqualification at the PUCT's sole discretion, or if during the performance of the contract, will constitute a breach of contract and may result in immediate termination of the contract for cause at the PUCT's sole discretion.

The PDF copy with the compensation component must be clearly marked "Original" and include all required signatures and notarized statements.

This requirement is to allow the evaluation team to review proposals for the evaluation factors of Proposal Substance and Competence and Knowledge only. Each proposal will separately be given a score for pricing and that score will be applied to the scoring matrix to ensure that price does not inadvertently influence the evaluation of the other factors.

The copies of the proposal must be identical to the original except for the omission or redaction of the price information and the Word rather than PDF file format.

This includes notifying proposers and the Office of the Attorney General if information that the PUCT knows proposer considers to be confidential is requested under the Texas Public Information Act. The PUCT assumes no obligation to assert legal arguments on behalf of a proposer. The PUCT may release portions of proposals and other information provided by a proposer without notifying the proposer if the information is not conspicuously marked "confidential" on each page.

A copy of the contract resulting from this RFP will be posted on the PUCT's public website. Information in PUCT contracts is public information unless it is made confidential by law. *See* Texas Government Code Section 552.022(a)(3).

#### **7.D. Publicity**

Proposers are prohibited from making any public disclosures or news releases pertaining to this RFP, any resulting contract, or any results or findings based on information provided or obtained to fulfill the requirements of this RFP or resulting contract. Proposers must include any requested changes to the terms and conditions in their proposals.

#### **7.G. Vendor Performance Tracking System**

At the end of any contract resulting from this RFP, the PUCT will input required information into the Vendor Performance Tracking System regarding the contractor's performance and whether the contractor satisfied the best value standard for this contract. This information is
