**SUPPLEMENTAL ORDER SETTING CPI-ADJUSTED CITY-PREFERRED ACCESS
LINE RATES FOR YEAR 2003**

On March 19, 2003, the Commission issued an Order administratively approving City-preferred access line rates for the Year 2003. The March 19 Order was issued pursuant to P.U.C. SUBST. R. 26.467(j) and TEX. LOC. GOV'T CODE § 283.055(g), which allowed Texas cities to annually revise their access line rates by an amount equal to one-half the annual change in the most recent consumer price index (CPI).

Attachment-A of that Order contained the 2003 city-preferred access line rates, incorporating any adjustments requested by the cities. However, due to a typographic error, certain cities were not included in that Order. That Order also did not include the rates of certain newly participating cities. This supplemental Order includes those cities that were inadvertently excluded in the March 19 Order. The rates for the following Cities shall be implemented prospectively, but no later than July 1, 2003.
