**ORDER SETTING CPI-ADJUSTED CITY-PREFERRED
ACCESS LINE RATES FOR YEAR 2017**

This Order addresses city-preferred access line rates for the Year 2017. Under 16 Texas Administrative Code § 26.467(j) and Texas Local Government Code § 283.055(g),¹ Texas cities are allowed to annually revise their access line rates by an amount equal to one-half the annual change in the most recent consumer price index (CPI). For the year 2016 this amount equals an increase of 0.5529%.

On March 9, 2017, the Commission issued an Order² approving a 0.5529% increase in maximum access line rates for Texas cities with Commission-approved rates. However, since several cities adopt less than maximum rates, the Commission also ordered that:

- A municipality whose 2016 city-preferred access line rate(s) is below its 2017 CPI-adjusted maximum access line rates will remain at its 2016 city-preferred rate(s) unless it provides notification to the Commission of its desired rates no later than April 30, 2017.
- For a municipality whose 2016 city-preferred access line rate(s) is equal to its 2016 CPI-adjusted maximum access line rate(s), the new 2017 city-preferred access line rate will be set equal to the new 2017 CPI-adjusted maximum access line rate(s) unless the municipality provides a notification to the Commission of its desired rate(s) no later than April 30, 2017.

In response to that Order, several cities responded to the Commission either by affirming the Commission's default rates or by declining the default rates and choosing different rates.
